SANDYSTON.

The meeting for the election of
school trustees was one of the quietest
in some years. But while they
were about it why not locate the
offices of the Board along the main
road. To enable a teacher to get his
cash necessitates a tramp anywhere
from seven to ten miles according to
where the teachers is located in the
town, and that the teacher is likely
if he or she finds the official at
home in any one trip. Teachers
have their troubles like other folks
so we grin and bear it.

The dance at Harry Bensleys on
Friday night was well attended and
from what I can learn everything
passed off to the satisfaction of all
present. If getting home in the
morning counts for anything all
must have had a good time.

Clear rises to remark that "dogs
and speakers follow the butcher wag
on the former for a boon, and the
latter for a free drink." That was
the fashion here at one time, but I
am glad to say it is no good these
days. Just come over at any time
and you will see hundreds of little
chicks and more on the way.

The people here are getting over
the small pox scare when it is known
that it was not small pox at all. To
hear them talk, all know it was a
fake case from the start, but they
got vaccinated just the same.

Elijah Lundy and family moved
on Tuesday last to near Basking
Ridge, Morris Co., where he enters
the employ of a city gentleman.

Mrs. Benjamin Uter in getting
out of the wagon at home, the horses
started throwing her to the ground
and breaking her leg just below the
knee.

Our committee met on the follow-
ing Saturday after the town election,
but transacted little or no busi-
ness, and met again the next Satur-
day, but as one of the Board was
retained at home by sickness in his
family, they will meet again the
next Saturday to apportion the road
money and appoint overseers of the
roads. But why so many meetings.

The large store of Williams & Le
Anulty in Saratoga, Pa., was de-
stroyed by fire on the 19 inst. The
loss upon building and stock is es-
timated at \$100,000. The insurance
upon the building is \$20,000 and the
stock \$85,000. They re-opened for
business in another street the fol-
lowing day. Mr. Williams is a son
of Layton Williams, dec'd., of Bann-
ersville, and is a brother of Mrs.
Benj. Mettler, dec'd., of this town.

Who wouldn't be an editor when
the D. L. & W. R. R. gave them a
fine outing to Buffalo to view the
wonders to be seen there. Editors
can sling more ink than the school
teachers can in praising their road
and the buildings of the Pan Amer-
ican Exposition. Let the D. L. & W.
R. R. just try that trip with teach-
ers for passengers and they will
praise road, buildings and all in
great shape.

The heavy rain of Wednesday
night has washed over roads and in
some places they are almost impos-
sible. Many wells and springs that
have been dry for months have
plenty of water, and the streams
have enough water to run the mills
and it would seem that the long
drought is at last broken.

Elias Albright has rented the farm
of Evan Bovans and will move there
on April 1st.

Miss Emma Clark, daughter of
Wm. Clark, of Hainesville, is lying
seriously ill at her home from a
combination of diseases.

The people of Montague are hus-
tling to secure rural delivery, and
the chances are that they will get it.
Now let some one start to get it for
Sandyston, and then we will be con-
tent.

A Newtonian urges the introduc-
tion of vocal music in the schools of
that town, and if it gets a foothold
their other schools must have it and
another branch will be added to the
course of study, and the Lord knows
we have enough now to worry the
teachers without that, but vocal
music is a good thing.

Strikes a Rich Find.
"I was troubled for several years
with chronic indigestion and nervous
debility," writes F. J. Green, of Lan-
caster, N. H., "no remedy helped me
until I began using Electric Bitters,
which did me more good than all the
medicines I ever used. They have
also kept my wife in excellent health
for years. She says Electric Bitters
are just splendid for female troubles,
that they are a grand tonic and in-
vigorator for weak, run-down wa-
men. No other medicine can take
its place in our family." Try them.
Only 50c. Satisfaction guaranteed

THE RAMBLERS PICKINGS.

Has Carrie Nation started a branch
office in town?

No scarcity of water now. Cider
is also holding out.

It is gratifying to hear of the suc-
cess of Warren C. Hurch winning
the Record prize. Warren has fol-
lowed newspaper corresponding for
years and has had his ups and downs
but always come out the same old
"Warren."

Observer is inclined to make us
believe that Montague is the only
user by town where they have a
surprise party. Holy smoke, Ram-
bler never mentioned Montague, or
any one person who did or did not
attend the surprise. Evidently he
chinks our item cast a reflection on
a party of his getting up of which
we know nothing. If Observer will
allow corresponding long enough
he will find that often he will have
to depend on information. It is im-
possible to always verify and inves-
tigate every report. I am sure the
readers of the Press will be glad to
hear from Observer.

A cheap way to advertise send a
communication to a local paper.

the ideal of a church is like forbid-

ter.
